Dallas Reedy

312 North 76th Street, #103
Seattle, WA 98103
(509) 956-9526
dallas@dallasreedy.com

Overview

Self-motivated, goal-oriented *web designer & developer* captivated by *interactivity*, *automation* and *user experience*.

Education

Bachelor of Science
Cum Laude, Graphic Design, June 2006
Walla Walla University, Walla Walla, WA

Software
TextMate, Adobe Creative Suite (esp. InDesign, Photoshop & Illustrator)

Languages
Ruby & Ruby on Rails, PHP, (X)HTML, CSS, JavaScript, git, svn, shell script

Experience

QualitySmith, June 2010–present
Lead web designer as well as 1 of 3 web developers. Responsibilities include creating new sub-sites (design through development) and maintaining existing web properties.

AmericanWinery.com, March 2008–June 2010
Front-end development: low-level model and controller development, high-level view development plus sole JavaScript developer—greatly advancing knowledge and comfort level in Ruby and Ruby on Rails development.

WideIdeas, March 2007–March 2008
Front-end development & design: learned Ruby on Rails and PHP while furthering knowledge of JavaScript, HTML, CSS and web standards.
